

HUDSON, R.G.S. 1945

The Goniatite Zones of the Namurian. - Geological Magazine, **82**(1): 1-9.

P 60

COTTON, C.A. 1945

The significance of terraces due to climatic oscillation. - Geological Magazine, **82**(1): 10-16.

P 60

RICHARDSON, H.L. 1945

Discussion: The significance of terraces due to climatic oscillation. - Geological Magazine, **82**(1): 16-18.

P 60

RASTALL, R.H. 1945

The granite problem. - Geological Magazine, **82**(1): 19-30.

P 60

SHUKRI, N.M. 1945

The mineralogy of a Neolithic terrace at Tura, Egypt. - Geological Magazine, **82**(1): 31-33.

P 60

WATTS, W.W. 1945

Leicestershire climate in Triassic time. - Geological Magazine, **82**(1): 34-36.

P 60

BUSK, H.G. 1945

On the normal faulting of Rift Valley structures. - Geological Magazine, **82**(1): 37-44.

P 60

KENT, P.E. 1945

Correspondence: The age and tectonic relationships of East African volcanic rocks. - Geological Magazine, **82**(1): 48.

P 60

PRIDER, R.T. 1945

Sapphirine from Daugin, Western Australia. - Geological Magazine, **82**(2): 49-54.

P 60

REED, F.R.C. 1945

Revision of certain Lower Ordovician Faunas from Ireland. I. Trilobites. - Geological Magazine, **82**(2): 55-66.

P 60

TROTTER, F.M. 1945

The origin of the West Cumbrian Haematites. - Geological Magazine, **82**(2): 67-80.

P 60

AVNIMELECH, M. 1945

A new Jurassic outcrop in the Jordan Valley. - Geological Magazine, **82**(2): 81-83.

P 60

CARROLL, D. 1945

Heavy minerals in the Irwin River Coal Measures, Western Australia. - Geological Magazine, **82**(2): 84-92.

P 60

EARP, J.R. 1945

Correspondence: Upper Silurian graptolite zones. - Geological Magazine, **82**(2): 95-96.

P 60

CHALLINOR, J. 1945

A graptolite lineage from North Cardiganshire. - Geological Magazine, **82**(3): 97-106.

P 60

BEGG, J.L. 1945

The Illaenid Pygidium. With special reference to the reflexed border. - Geological Magazine, **82**(3): 107-113.

P 60

WRIGHT, J. 1945

Tyrieocrinus (gen. nov.) and *Scotiacrinus* (gen. nov.) and seven new species of inadunate crinoids from the Carboniferous limestones of Scotland and Yorkshire. - Geological Magazine, **82**(3): 114-125, 3 pl..

P 60

WRIGHT, C.W. & E.V. WRIGHT 1945

Notes on some Cretaceous fossils. - Geological Magazine, **82**(3): 126-129, 1 pl.

P 60

KENT, P.E. 1945

Contemporaneous disturbances in lacustrine beds in Kenya. - Geological Magazine, **82**(3): 130-135, 1 pl..

P 60

REED, F.R.C. 1945

Correspondence: Lower Ordovician trilobites. - Geological Magazine, **82**(3): 136.

P 60

DIXEY, F. 1945

Correspondence: On the normal faulting of Rift Valley structures. - Geological Magazine, **82**(3): 136-137.

P 60

LEES, G.M. 1945

Correspondence: A Jurassic outcrop in the Jordan Valley. - Geological Magazine, **82**(3): 137-138.

P 60

COLEMAN, J.C. 1945

Correspondence: An indicator of waterflow in caves. - Geological Magazine, **82**(3): 138-139.

P 60

PRIDER, R.T. 1945

Charnockitic and related cordierite-bearing rocks from Dangin, Western Australia. - Geological Magazine, **82**(4): 145-172.

P 60

MENNELL, E.P. 1945

Sedimentation and the problem of the gneisses. - Geological Magazine, **82**(4): 173-176.

P 60

MACLENNAN, R.M. 1945

Generations in a fossil community. - Geological Magazine, **82**(4): 177-181.

P 60

HAWKES, L. 1945

The Gardiner River rhyolite-basalt complex. - Geological Magazine, **82**(4): 182-184.

P 60

SWINNERTON, H.H. 1945

A note on lemming remains in Nottinghamshire. - Geological Magazine, **82**(4): 185.

P 60

MELVILLE, R.V. 1945

On the type-locality of *Carbonicola subconstricta* (J. Sowerby). - Geological Magazine, **82**(4): 186-187.

P 60

EAGAR, R.M.C. 1946

The hinge of certain non-marine lamellibranchs from the Lenisulcata Zone of Coal Measures. - Geological Magazine, **83**(1): 1-19, 2 pl.

P 60

WILLIAMSON, W.O. 1946

Some grits and associated rocks in the Etruria Marls of North Staffordshire. - Geological Magazine, **83**(1): 20-32.

P 60

WRIGHT, J. 1946

Caldenocrinus gen. nov. and related Scottish crinoids. - Geological Magazine, **83**(1): 33-38, 2 pl.

P 60

LAMONT, A. 1946

Fossils from Middle Bunter pebbles collected in Birmingham. - Geological Magazine, **83**(1): 39-44.

P 60
